Click-to-WhatsApp ad kaise lagayein (Meta Ads Manager)

1. Ads Manager mein Create dabayein, objective "Engagement" ya "Sales" chunein, conversion location "Messaging apps" aur "WhatsApp" select karein.

2. Ad set: Pakistan, umar aur pasand (beauty, hair care, skin care, perfume) ke mutabiq audience. Placements "Advantage+" rehne dein.

3. Ad: Feed ke liye 1080x1350 aur Stories/Reels ke liye 1080x1920 wali tasveer lagayein (dono ek hi code ki).

4. CAPTIONS file se Primary text, Headline aur Description copy karein. Call to action: "Send WhatsApp message".

5. Message template mein customer ka pre-filled WhatsApp message paste karein.

6. Pehle 2-3 ads chhote budget par chalayein, 3-4 din baad jo behtar chale us par budget barhayein.

Dhyan dein

• Qeematein store ki maujooda qeematon ke mutabiq hain. Qeemat badle to CAPTIONS aur tasveer dono update karwa lein.

• Ads mein delivery charge nahi likha gaya; sirf "Delivery all over Pakistan, Cash on Delivery".

• Skin aur hair products ke liye "baal ugana" ya "dawa" jaisi baatein na likhein; Meta aise ads reject kar deta hai.
